

Drivers Selected For 2009 N A S R Driver Development Program

N A S R National Office posted Friday January 30, 2009.

NASR has great pleasure in announcing the following drivers have been selected for the second NASR Driver Development Program.

Kris Coyle Western Australia

Jamie Bricknell
Jordan Biviano

Rachel Neve
Kate Wiese

Jon McCorkindale
James Aranyosi

Each of the drivers, who are aged between 16 and 20 years, have been selected by their respective NASR State Office. They have demonstrated excellent results over the past three years in addition being excellent representatives of speedway with the potential to be future ambassadors of the sport.

As in the inaugural year the camp will focus on improving individual performance for speedway competitors and will cover topics such as nutrition, cardiovascular activity, strength and conditioning, recovery, psychology, media, sponsorship, and career planning.

Although the camp will include some theoretical components, it will be highly interactive with a comprehensive performance report and a number of tools being provided for application away from the AIS. It will also give participants an opportunity to benchmark their performance against previous elite attendees including recent CAMS Rising Stars.

The 2009 program will be conducted from the 10th to the 12th of March at the Australian Institute of Sport in Canberra. NASR congratulates the drivers and looks forward to seeing their careers progress.
